Seated Fest III Approaches – Exhibitors Needed!

By Len Augsburger, LSCC #1271

As previously announced…***SeatedFest III*** is still scheduled to coincide with the **FUN Show** in **January 2027.** We've already met with officials from the FUN organization and they are enthusiastic. The first ***SeatedFest*** occurred at the November 2011 Baltimore show and featured exhibits of notable sets of Liberty Seated coinage. As we noted at the time: "In our recollection, there has never been a similar exhibit of Liberty Seated coinage, with the exception of auction lot viewings such as Eliasberg, Richmond, etc."

SeatedFest II was held at the March 2019 show in Baltimore and included presentations on each denomination of Seated coinage, in addition to extensive exhibits that notably included the unique 1870-S half dime. The owner of the coin was on hand, and the event featured great conversation and camaraderie.

You are invited to participate in making ***SeatedFest III*** an equally memorable event! We are looking for collectors to exhibit their Liberty Seated coins, which need not necessarily represent complete sets of a particular denomination. Thematic collections built around varieties or other ideas are also welcome – in short, if it is interesting to you, it will probably be interesting to your fellow collectors. We further invite presenters and volunteers to coordinate social events, pre-event promotion, and security. Simply indicate your interest to me or another club officer and we will guide you accordingly.
