

Upcoming F.U.N. Show Activities for the LSCC (January 9-12, 2025)

The LSCC has a corner table (booth 673) in the Club section, next to the FUN Exhibits area.

The exhibit will be the complete **Lane J. Brunner Collection of Double Dimes**.

The exhibit will consist of 7 cases featuring well over 700 certified and raw twenty-cent pieces. This includes an impressive number of mint errors and exonomia, including love tokens, counterstamps, cufflinks, buttons, pin-backs, and his "slab" collection (where the plastic is the collectible - different companies, different generation holders).

"Reeded edge" and altered coins, wax and metal impressions of recovered Carson City 20-cent dies, rare paper items relating to the double dime, and even a 20-cent rubber stamp, are also included. In addition, 20-cent "good-for" tokens, drawer knobs, replicas, and "Coin stamps" round out the exhibit.

This demonstrates the unparalleled passion that Lane Brunner had for the double dime.

This is the *first and only time* the complete collection will ever be displayed. Lane's wife and mother plan to be there, and they will also be at the LSCC meeting on Friday morning. Don't miss it!

ANA Summer Seminar 2025 — New Class!

The Liberty Seated Collectors Club (LSCC) and the Barber Coin Collectors' Society (BCCS) will be offering a new class during Session 1 at the 2025 ANA Summer Seminar, June 21-26, in Colorado Springs:

The New Orleans Mint Coinage and its History

This course will cover the coins and the history of the New Orleans Mint from its origin in 1835 to its final closure in 1909. The silver and gold coins produced at the New Orleans Mint are comparable to the Philadelphia Mint both in type and quantity. From arduous early days marked by epidemics and deaths, a struggle to mint coins with limited dies being stored in tropical conditions, to changing hands three times during the Civil War, its complicated history is written in its coins. The course will include discussions of the 40 (or so) types of New Orleans coins, individual dates, major varieties, hands-on attribution exercises, and grading discussions.

Instructors: Craig Eberhart (LSCC Secretary), Len Augsburger (LSCC President) and John Frost (BCCS President).

This class should fill up quickly. Sign up today at: money.org/summer-seminar
